Us ... 'The Forty Five Club'

make it a second tennis home ...

We don't have our own courts but play at great & some prestigious tennis venues around the country & Europe ... truly nomadic!

Think about it ... you play at your present club & then when it suits you enter one of our events. There are mixed, ladies & mens doubles events with competitive singles at open tournaments.

If you want that matchplay buzz, like to get out to play at different venues, are available to play weekdays, can wine & dine after play
... just call Enid Tomlinson on 0208 505 6527

Seduction ... the small print: The 45 Club is an addition to your current Club membership not an alternative! We seek to offer participation for players who want to play more ... & more. We offer a trial event to test the water.
